MODERN HOMES.

Selected Examples of Dwelling Houses.

Described and Illustrated by

T. RAFFLES DAVISON, HON. A.R.I.B.A.

With a Foreword by SIR ASTON WEBB, R.A., and over 300 Illustrations, chiefly from Pen Drawings by the Author.

"A book on Modern Homes by Mr. Raffles Davison must surely prove attractive to all who care for the present day progress of domestic architecture, as well as to those who care for the truthful and dainty representation of it. Here we have selected, by one who knows, some of the best and most representative modern homes. Views of their exteriors and interiors, with plans just sufficient to place them in their surroundings, with very often a sketch or two in the garden, and sometimes a photograph."

From Sir Aston Webb's Foreword.

SPECIAL OFFER.

"Academy Architecture"

Containing a Selection of the most prominent Architectural Drawings hung at the Royal Academy, London, the Royal Scottish Academy, Edinburgh, and the Royal Glasgow Institute of Fine Arts, together with Illustrations of Sculptures, and a Review of interesting Architectural Subjects, carried out, or designed, at home and abroad.

A COMPLETE SET (in good second-hand state) from Volume 1 (1889) to Volume 34 (1908) inclusive, together with the Classified Index to Volumes 1-22. 35 volumes, small 4to, cloth, as issued. Price £8 5s.

As a record of the development of modern architecture and sculpture, this work is of immense value, as it presents in a moderate compass a really representative selection of the best work of English and Foreign artists during the period covered. The set contains upwards of 4,000 pages of illustrations, reproduced in the best manner from line, wash, and pencil drawings, and from photographs, while in the more recent volumes a limited number of subjects are printed in colours. Several of the early volumes are very scarce.

THE SET SHOULD BE FOUND IN EVERY IMPORTANT PUBLIC LIBRARY.

To secure the above, early application is advised.
